The online survey is part of the project **University of the Philippines in the Last Two Decades** under OVPAA's Emerging Interdisciplinary Research Program (**EIDR**). Led by former UP Statistical Center dean, Erniel Barrios, the study aims to evaluate the performance of the University of the Philippines in the delivery of its functions on teaching, research, and extension. The survey covers assessment of programs, facilities, research and other facets of the university's mission and vision through its teaching staff, non-teaching staff, students, and alumni. Your cooperation in answering the survey would be an invaluable contribution in meeting the objectives of the study.

Qualified respondents of this survey are **students, alumni, teaching (faculty members and lecturers) and non-teaching staff (e.g. REPS, administrative staff) of UP (all constituent universities)**. Depending on the classification of respondent, the survey may take 15-30mins. Rest assured that individual-level information gathered will be held confidential.

To allow for a wider reach, may we request you to consider all means possible in the promotion of the online survey.

Should you have any questions or clarifications, you may coordinate with Dr. Ryan Joseph Lansangan via VoIP Trunk line 981-8500 local 2058 or email at ilcdiliman@up.edu.ph.

Thank you very much.
